

TOPO! GPS Import Wizard: Step 2

1 Specify the character used to separate the different fields in a line of data:

☐ Comma Note: You should see straight columns of data in the preview box below when you specify the proper delimiter.
☒ Tab
☐ Spaces (One or more spaces between columns)
☐ Other:

2 Click on the number of the line below that contains the first GPS item you want to import (i.e. skip over any header information and hilite the first line of data).

Preview of Data:

Line	Column 1	Column 2	Column 3	Column 4	Column 5
001	12931	12931	36.9036	105.3323	Rise 147
002	Lake Fork Peak	12881	36.5502	105.4452	Rise 621
003	Vintrero Bench...	12881	36.9606	105.3383	Rise 711
004	Chimayosos P...	12841	35.9755	105.6096	Rise 861
005	Jicarita Peak	12835	36.0554	105.5624	Rise 735
006	12819	12819	36.5401	105.4310	Rise 479
007	12824	12824	36.7817	105.4824	Rise 387

TOPO! GPS Import Wizard: Step 3

1 Choose the type of GPS objects you would like to import:

☒ Waypoints (or Tracks, Icons, or Proximity Waypoints)
☐ Routes

2 Specify the map datum for this data:

☒ NAD83 or WGS84 (Use this if uncertain)
☐ NAD27

3 Check the Box below if dates and times in this data are based on your local time zone:

☐ Local Time (Leave unchecked if times are in UTC or you are uncertain)

Preview of Data:

Column 1	Column 2	Column 3	Column 4	Column 5
12931	12931	36.9036	105.3323	Rise 147
Lake Fork Peak	12881	36.5502	105.4452	Rise 621
Vintrero Bench...	12881	36.9606	105.3383	Rise 711
Chimayosos Peak	12841	35.9755	105.6096	Rise 861
Jicarita Peak	12835	36.0554	105.5624	Rise 735
12819	12819	36.5401	105.4310	Rise 479
12824	12824	36.7817	105.4824	Rise 387

TOPO! GPS Import Wizard: Final Steps

1 Does every line of data in the preview below represent a waypoint (or route point)?

☒ Yes

☐ No, only lines that begin with the text:

2 Select the columns you want TOPO! to use to name and position the waypoints on the map. To do this, click on the header button of each column you want, then choose a category from the pop-up menu that appears.

Preview of Data:

Name	Elevation (ft)	Lat Degrees	Lon Degrees	Message	Lon
12931	12931	36.9036	105.3323	Rise 1471 l...	
Lake Fork P...	12881	36.5502	105.4452	Rise 621 ls...	
Vintrero Ben...	12881	36.9606	105.3383	Rise 711 ls...	
Chimayosos ...	12841	35.9755	105.6096	Rise 861 ls...	
Jicarita Peak	12835	36.0554	105.5624	Rise 735 ls...	
12819	12819	36.5401	105.4310	Rise 479 ls...
